

UNIVERSITY of MARYLAND
SCHOOL OF MEDICINE

Seminar Announcement

James B. Wade Lecture
Maryland Kidney Discovery and Translational Research Center
and Baltimore Polycystic Kidney Disease Center
Departments of Physiology and Medicine

“Systems Biology of Vasopressin Action in the Renal Collecting Duct”

Mark A. Knepper, M.D., Ph.D.
Senior Investigator
Epithelial Systems Biology Laboratory
National Institutes of Health

Host:

Paul A Welling, M.D.
Professor
Department of Physiology
University of Maryland School of Medicine

Thursday, September 10, 2015 at 12:00 PM
Health Sciences Facility II Auditorium
Refreshments provided
